## DR. W. S. LIPSCOMBE IS HERE WITH THE RED CROSS CAR

Dr. W. S. Lipscombe arrived in Ogden this morning in charge of the American Red Cross car No. 2, with which he has been sent over the different divisions of the Union Pacific railroad during the past month, for the purpose of giving demonstrations and lectures on "First Aid" work for the benefit of the railroad employees.

The car was set at the east side of the depot and Dr. Lipscombe went on to Salt Lake to pass the day and evening. He will return tomorrow to give lectures and demonstrations in the car at 3 and 8 p. m. A similar program will be given on Friday and Saturday and, while the lectures are especially for the employees of the different railroads centering in Ogden, other interested persons are invited to attend.

## NEW RIFLE RANGE FOR COMPANY B

A new rifle range for the use of Company B, Utah National Guards, and the local members of the National Rifle and Revolver association, has just been completed and will be used for the first time next Sunday. It is located on the foothills, one mile north of North Ogden and was built by local people, under contract with the government.

The range is equipped with 1000-yard targets and has firing points at

## GOOD VAUDEVILLE TOMORROW— TWO HEADLINE ACTS ON THIS WEEK'S BILL AT THE ORPHEUM

### CAESAR RIVOLI

The man who changes his clothes quicker than a woman changes her mind.

### CLARICE VANCE

The dainty singer of Southern songs, in an up-to-date song review.

One of the best shows of the season will be put on at the Orpheum theater this week, opening tomorrow. Practically every act on the bill has laughter as one of the main features. Miss Clarice Vance, who headlines the bill, is listed as the "Southern Singer," has a delightful personality, which is brought out when she sings several dark songs. Her songs are new and funny, and her method of treating them is original.

Caesar Rivoli, the sensational quick change artist, is a European, and is making his first try over the Marcus Loew Circuit. Rivoli is the only one who appears on the stage, yet he portrays the characters of a waiter, a cafe proprietor, a flirty husband, a coquette, and a jealous wife, almost simultaneously.

Chas. Deland, Mary Carr and Company appear in an interesting sketch entitled "Back to Buffalo," which is full of breezy lines, and wins a large amount of applause.

The Three Bennett Sisters, the original athletic girls, make their welcome re-appearance at the Empress next week, punching the bag, fencing, wrestling and boxing, with the skill and dexterity of experts.

The Ed Zeiler Trio, comedy acrobatic pantomimists, supply the comedy end of the bill, appearing in a melange of comedy acrobatic tricks in pantomime.

Fay and Myrna, a dainty and petite couple, are a clever and entertaining couple and get by nicely, with their catchy songs and bright sayings.

The funny Keystone comedy, with Charles Chaplin, will complete the bill. It's a Dollar Show, this week for 10, 20, 30 cents.

## OGDEN DISTRIBUTING POINT FOR BIG COMPANY

A train load of electric ranges have been received in Ogden by the Utah Power & Light company, which is significant from various view points. It is the first train of its kind to come west. Ogden is the distributing point and the state of Utah was advertised clear across the continent by the train marked "A Train Load of Electric Ranges for Utah."

There are 600 ranges in the shipment and they will be distributed from Ogden to various parts of the state. Officers of the company say that Ogden is the natural distributing point for everything the company ships from the east, and the office in the city is among the most important of any in the state.

The company is now moving into its new quarters in the Eccles skyscraper on Twenty-fourth street and the complete change will be made by May 1.

Speaking of the shipment of the electric stoves to Utah, an officer of the company says it illustrates that Utah is far ahead of the east in harnessing water power and turning it into electricity. Utah's facilities in that direction are much greater than states beyond the Rockies and it is really astonishing to outsiders to learn of the extensive electric energy available in Utah.

## HIGH SCHOOL HAS A PROGRAM FOR THE AMATEURS

The executive committee of the Ogden high school athletic association has been putting in its extra time during the last two days completing arrangements for its amateur wrestling tournament, but is not ready as yet to announce the program. The tournament will be held at the high school Friday night, beginning at 8:30 o'clock and will be for the benefit of the O. H. S. Athletic association.

There will be three classes of wrestlers to participate in the different bouts: Heavyweight, over 140 pounds; lightweight, under 140 pounds, and featherweight, under 125 pounds. The bouts will decide the wrestling championships of the school. Jack Harbertson, champion middleweight wrestler of the world, will act as referee and the committee has made arrangements to have the mat laid on the new stage so that the spectators may all have a clear view of each bout.

## TOUT CASE GOES OVER TO MONDAY

The case of Ogden City vs. Fred Tout was called this morning in the municipal court. Attorney T. D. Johnson appeared for the defendant and entered a plea of not guilty. With a mutual agreement on the part of Assistant City Attorney R. H. Baumunk and Attorney Johnson, Judge Reeder set the hearing of the case for next Monday morning. Tout is charged with selling liquor on Sunday.

William Parks, John Doe, Jack Kelly and Veto Beardo, plain drunks, were given suspended sentences. Ed Miller was convicted of a petit larceny charge and given a 30-day suspended sentence. He was arrested yesterday by Patrolman Marlin, in Electric alley, with a number of window curtains in his possession, presumably taken from house No. 10, the largest building in the old restricted district. According to his story, which was corroborated to some extent by the arresting officer, the blinds were lying on the ground near the house and he picked them up, thinking that they had been merely cast aside as worn out.

L. Wright was fined \$10 for exceeding the speed limit in an automobile, on the North Ogden road. He was taken in by Deputy Sheriff Walter Richey.

### CARD OF THANKS

We wish to extend our heartfelt thanks to all who so kindly assisted during the sickness and death of our beloved daughter and sister, Florence; to the speakers and singers and for the many beautiful floral tributes. May they all receive the same kind treatment in their hour of bereavement.

JANE CHECKETTS AND FAMILY.

## INTEREST ON CITY BONDS IS PAID

This morning the city board of commissioners directed the auditor to draw warrants to pay interests on bonds, in the sum of \$4409.77. The interest falls due May 1, on the following bonds:

tion company had been executed. The contracts were for curb and gutter in districts 114 and 115.

Applications of property owners for watermain extensions were referred to the superintendent of waterworks. The mayor was authorized to apply to the county board of commissioners for a right of way over the county road for the pipe line from Coldwater canyon to the artesian wells. The city and county commissioners inspected the section over which the pipe line will extend and had an understanding as to the requirements to be exacted by the county.

## STEEPLE CLIMBER IS WORKING ON THE HIGH POINTS

Jack King, the steeple climber, has finished painting the flag pole on the court house cupola, and it was no easy job. Jack says the old pole is rotten and will fall down within the next year. The pole is about 40 feet long and the top of it is about 100 feet from the ground, so that, if the steeple man should have fallen he would have received a pretty heavy bump, but Jack exercised the "safety first" precaution, speaking of which he said:

"It is 'safety first' with me, all the time. That is, I undertake always to minimize severity of the bumps if I am to have any of them, by fastening myself to something so that if anything gives way I will fall only a short distance."

In painting this old rotten pole on the courthouse, I used a ladder which I placed along side the pole and fastened it to the cupola, and when I climbed the ladder, I chained myself to it. Had the pole broken off, I would have fallen about 20 feet with the ladder attached. Then to get down I would have climbed up the ladder to the top of the cupola. A fall of that sort might put me out for a short time, but I would remain suspended and attached to the ladder until someone pulled me down. 'Safety first' with me on all of those jobs. I have had some severe knocks by not being cautious, so you see, I have grown wise."

King is going to climb some other high steeples before he leaves the city and he next will likely be seen painting the cross on the Catholic church.

## Deaths and Funerals

**CHECKETTS**—The funeral of Florence May Checketts was held yesterday afternoon in the Second ward meeting house. Bishop Robert McQuarrie presided and the speakers were C. J. A. Lindquist, George Shorten and Bishop McQuarrie. Special music was furnished as follows: Solo, "Sometime We'll Understand," Miss Florence West; solos, "Unanswered Yet," and "Resignation," Miss Etta Browning; duet, "Come to Disconsolate," Mrs. Maude F. Lloyd and Miss Eva Prouse. The service was largely attended and many beautiful floral tributes were placed upon the bier. The interment was in the city cemetery, the grave being dedicated by Bishop McQuarrie.

**SMITH**—The funeral of Blanche Smith will be held at the Kirkendall chapel tomorrow at 2 p. m. The remains may be viewed at the residence, 2613 Grant, this evening and until one o'clock tomorrow.

**KINDORF**—Funeral services for Miss Kathrine Kindorf were held yesterday afternoon in the Kirkendall chapel, with Rev. Zimmerman officiating. The solos, "I Need Thee Every Hour," and "Lead Kindly Light," were sung by A. H. Sander. The interment was in the city cemetery.

terday afternoon in the Kirkendall chapel, with Rev. Zimmerman officiating. The solos, "I Need Thee Every Hour," and "Lead Kindly Light," were sung by A. H. Sander. The interment was in the city cemetery.

**GIBSON**—The funeral of Thomas Gibson will be held tomorrow noon in the Taylor ward meeting house and the interment will be in the West Weber cemetery. The body may be viewed this afternoon and evening and tomorrow until the funeral hour at the family residence in Taylor.

### CARD OF THANKS

We wish to extend our heartfelt thanks to all those who so kindly assisted us in the sickness and death of our dear son, Hamilton. We also wish to thank those who spoke words of comfort, also to those who sang so beautifully and to all those who sent floral offerings and may God bless each and every one that they may receive the same kind treatment in their hour of sadness.

MR. and MRS. H. PIGNON AND FAMILY.

## ROOSEVELT TELLS POLITICAL STORY

(Continued from Page One)

Senator Newcomb told me the machine Democrats co-operated with the machine Republicans in order to elect Allis.

"And in the position Allis was elected to by Tammany Democrats, he was the official leader of the Republican party in this state."

**Causes Roar of Laughter.** While Colonel Roosevelt gave his testimony he slapped one hand upon the other every second or so and leaned far forward in his chair toward the jury box. The spectators, jury and lawyers roared with laughter when Colonel Roosevelt said Tammany men had helped elect the official Republican leader. After order was restored a recess was taken.

Colonel Roosevelt was ready to continue his testimony at the afternoon session of court.

## ACADEMY STUDENTS CELEBRATE WITH A PROGRAM

Today was student body day at the Weber academy and the occasion was celebrated with a splendid program, in addition to the regular class meetings.

The program was given immediately after the regular devotional exercises and was opened with a selection by the Ogden string quartet, composed of Marcellus Smith, Albert Erickson, Harry Jagers and Austin Sooy. Its contribution to the program was finely played and well received.

A reading of the comedy, "A Night Out," was next given by Miss Minnie Brown and proved one of the best dramatic treats the student body has been given this season. Each character was excellently portrayed.

William S. Wright, always a favorite at the academy, sang two pleasing baritone solos, with accompaniments by Miss Alberta Wright. Another pleasing number was a piano solo by Miss Gladys Peterson, a member of the student body.

During one of the intermissions,

mention was made by a member of the school athletic association to the double victory won yesterday afternoon by the W. A. baseball team, over the Railway Mail Clerks and the W. A. faculty teams. In the first game, the Mail Clerks were defeated by the score of 23 to 0 and in the second one, the Faculty team was taken into camp by the score of 14 to 1. The Weber academy team lined up as follows: Herberts, C; Beinap, p; Critchlow, 1b; Wilde, 2b; Nixon, 3b; Marshall, ss; Jones, lf; W. Taylor, rf; Wilkinson, cf.

is accomplished, so as to not keep the road torn up longer than necessary. The city will be required to resurface the roadway with macadam and tar.

## EXCAVATING FOR LARGE ANNEX

The J. P. O'Neill Construction company has begun excavating for the basement of the annex to the Richardson-Hunt store building on Washington avenue, between Twenty-fourth and Twenty-fifth streets. The work will be completed within the next few days, when Manager O'Neill will begin the building of curb and gutter on Washington avenue, between Second and Twelfth streets.

Commissioner Chris Flygare states that, with curb and gutter on north Washington avenue, in connection with resurfacing of the avenue, the main thoroughfare in the north part of the city will be in better condition than in some time past. Surfacing of the avenue from the river bridge to Twelfth street will soon be finished.

## COUNTY ROADS ARE BEING IMPROVED

County Commissioner Moroni Skeen states that road building in the county north of Ogden is progressing rapidly and that by the end of this week the North Ogden and Harrisville roads will be macadamized. He says the canyon boulevard will be covered with tarvia as far east as the power dam by next Saturday.

The watermain extension to the artesian wells will occupy about four feet of the county road, but the commissioner states that the trench will be filled in as the laying of the pipe
